

Multiplier & Torque Wrench Kits

For convenience, it is now possible to purchase a torque multiplier from the 'Compact Series' packaged with the appropriate torque wrench, up to 4,000 Nm. This allows the operator to arrive at the bolting application with everything needed in one robust carry case. Space has also been allowed in the carry case for accessories such as sockets.

The torque multiplier is supplied with its own unique calibration certificate and the torque wrench is supplied with a Declaration of Conformance, allowing accurate calculation of input torque to the multiplier for critical applications.

- All kits include a 'SpinNor' which aids fast reaction location
- All models include an Anti Wind-up Ratchet on the multiplier

Part Number	Description
18186	HT-52, 1,000 Nm, 3/4" out + NorTorque 60 1/2" Dual Scale
18192	HT-72, 2,000 Nm, 1" out + NorTorque 100 1/2" Dual Scale
18195	HT-92, 4,000 Nm, 1" out + NorTorque 200 1/2" Dual Scale
